

Get to Know Liberty

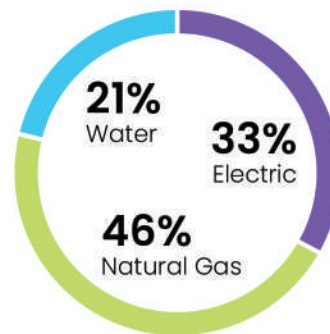

Who We Are

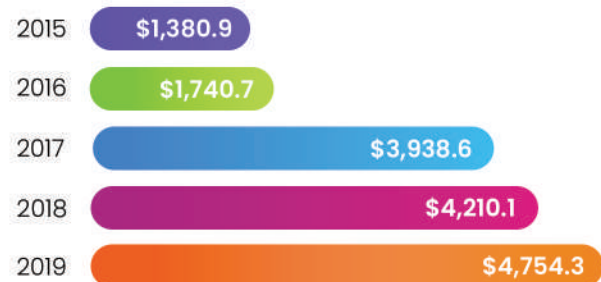

Liberty provides water, wastewater, natural gas, and electric utility services to over 804,000 customers primarily in North America. With a local approach to management, service, and support, Liberty takes pride in delivering efficient, dependable services to meet the needs of our customers.

Liberty's parent, Algonquin Power & Utilities Corp., is a diversified international generation, transmission, and distribution utility with approximately U.S. \$11 billion of total assets. Algonquin is committed to providing secure, safe, reliable, cost-effective, and sustainable energy and water solutions. Algonquin is a global leader in renewable energy through its portfolio of long-term contracted wind, solar, and hydroelectric generating facilities representing over 2 GW of installed capacity and more than 1.6 GW of incremental renewable energy capacity under construction. Liberty currently operates in Arizona, Arkansas, California, Georgia, Illinois, Iowa, Kansas, Massachusetts, Missouri, Oklahoma, New Hampshire, New York, and Texas.
